### THE MISSION OF RICHMOND

WOODTURNERS IS TO  
PROVIDE EDUCATION AND  
INFORMATION TO THOSE  
WHO ARE INTERESTED IN  
WOODTURNING AND TO  
PROMOTE WOODTURNING  
AS AN ART FORM WITHIN  
THE CLUB AND TO THE  
GENERAL PUBLIC

### FEATURE

#### Darin Dailey

Darin Dailey will do a live demonstration on making inside out Christmas ornaments with a captured glass marble. This is the time of year when we are thinking about Christmas ornaments and this demo will give us all plenty of ideas for a future design that we can pull from. In addition, Darin is going to do a hands on class on the Friday after our meeting (November 21) at Woodcraft. The costs of the class is \$125.00 and that includes the cost of the materials required.

There are still a couple of spaces available. Contact Ron Bishop ([rbishop1946@gmail.com](mailto:rbishop1946@gmail.com)) to sign up.

### President's Corner

Steve Kellner

Great meeting in October! Chuck Horton led an excellent discussion in Turner's Talk on turning crotch wood. This topic was a little different from the norm which was refreshing. Personally, I received a lot of great options on how to proceed with a 'unique' crotch log that I brought in. I hope others gained some inspiration as well.

The final portion of Turner's Talk was a call for new topics led by Ray Deyo which produced an excellent list for future meetings. Want to lead one?

During the business meeting, we had an excellent collection of Show & Tell items. Since October is Breast Cancer Awareness month and one of our community outreach efforts is to provide turned wig stands to Massey Cancer Center, we asked everyone to turn a wig stand. The number brought in was good but could have been better. Standard wig stands are not hard to turn so let's try to do better! Also had some outstanding turnings from our young VCU trained artists. Bring it on! We finally got to the featured IRD on 'breathing boxes' by Eric Lofstrom. After a Zoom misstep (sorry about that!), Eric put on an outstanding presentation. I hope to give it a try and see others in upcoming Show & Tell's.

Thanks for listening.

Steve

Please bring and wear your badge to the meeting!

If you want one, please contact Larry Yancey, lpyancey@gmail.com. The first one is free to members. There is a fee of \$10.00 to replace a lost one.

### Tops for Richmond Children's Hospital

Thank you to all that contributed tops for the Children's Hospital. We have been told that the tops are a hit with the kids and the staff. This is an ongoing project so let's keep the tops coming!

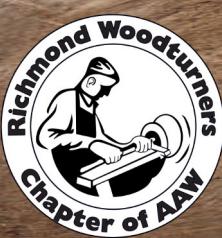

This young lady is on staff at Richmond Children's Hospital. I wish I had caught her expression when she first saw the tops. I delivered just at 300.

This is a photo from the Richmond Children's Hospital in activities Center for the kids. Shows nurse/teacher using them with kids. No kids are allowed to be photographed.

### October demonstration review

Eric Lofstrom presented an excellent IRD demonstration of turning a “Breathing Box”. A breathing box is defined as a box with a lid that is turned with just enough tolerance that causes the lid to open and close smoothly as air is slowly displaced. Almost like breathing.

Naturally embellished Bradford Pear Vase : 8"x 8" Vase turned from the crotch piece I brought to last month's Turners Talk. I still had the bark I had removed and compared to Bradford Pear log so I'm pretty sure of species. Not sure what caused pink color, but it is throughout the wood. Hollowed end grain to maintain as much of the 'enhancements" as possible. Chickened out on trying to hollow each branch separately. Wood is very hard and required a very sharp gouge!

David Bushman

Trillium, a footed hollow form that was turned from holly. The wood was bleached to lighten the shade and textured and painted with acrylic paint. The wood finish is clear water based acrylic to minimize darkening of the wood.

Japanese maple crotch piece, 10" x 8 1/2" x 2", finished with WATCO wipe on poly.
