President's Corner

The end of another year....and from RWT's perspective, a great year! As the year began, we were grappling with how to increase 'in-person' attendance at monthly meetings and we've done that. Maybe not as high a percentage as we'd like to see, but we get about 40 members a month, which makes for a good meeting. I credit an easing of Covid concerns, Turners Talk, and having programs that are interesting -and make shavings, for the improvement. Most attendees are showing up for Turners talk, which speaks well for the excellent presentations/discussions members have led. Programs led by members have also been some of our best attended and most interesting. November's meeting's outstanding Turners Talk presented by Chuck Bajnai and the Turn-a-thon that followed the business meeting are perfect examples.

Each month we seem to be adding a new member or 2, which is great! New members are the lifeblood of a club like ours. Let's keep the momentum going.

We've added to and upgraded our lathes this year with the donation of Bruce Robbin's Laguna lathe and the purchase of our new Powermatic 3520C. Let's put them to good use.

And let's not forget to thank Woodcraft (Kelli and Ed!) for their continued support. We would not be where we are as a club without their generous support.

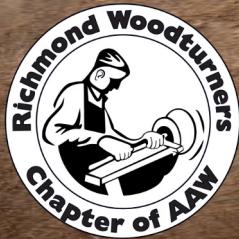

Enjoy the Holiday Party! I'll miss it this year but will be thinking of you from Iceland!

Thanks for listening.

Steve

Turner's Talk

Mentoring & Skills Development Workshop

The workshop meets at 5:30 PM at Woodcraft and have a time to talk turning. Come on in and let's talk shop. Last month Chuck Bajnai discussed color in finishing

Future topics

January- Steve Kellner on spalted wood

February- Ray Deyo on hollow forms

March- John Daniel on sanding

Woodcraft Guidelines for our Meetings

Woodcraft graciously provides a space for the club to meet. The store closes at 7:00 PM and they have an employee stay until our meeting ends. They have requested that we:

- 1- Do not wander around the store after they close. Do all your purchases prior to the 7:00 PM closing time.
- 2- Stay in the meeting area until the meeting is over and we are ready to leave. If you do have to leave prior to the end of the meeting, please arrange that with the Woodcraft representative ahead of time.
- 3- That we all leave at the same time, taking all visiting outside the store, so the representative can lock up and leave.

Future Demonstrations

December – Christmas Party

January - Jacque Vesery discussing design

February- Dan Currier discussing photography

Church Hill Elm. This limb was approximately 75 years old. 12" dia x 5" tall natural edge finished with a combination of mineral oil and beeswax.

Chuck Horton

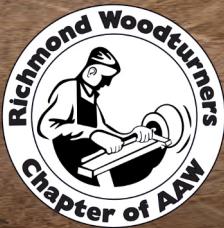

Various inside out Christmas ornaments

Steve Kellner

Sycamore bowl: 11" x 5", with Pewa and Kepa-kepa repairs finished with pure linseed oil. Turned this bowl from a piece of Sycamore with a number of cracks and other defects. I thought I had turned to the final shape before adding Pewa and kepa-kepa repairs. After sitting in the shop for a few months, I decided to turn again. I turned away a little too much of some of the repairs and replaced one Pewa but left the rest since they looked OK.

Last month club meeting there was the demonstrations on Christmas ornaments. I was interested in the ones that Steve Kellner did. I started there. I want to think it was a piece of cherry and finial are made out of Holly. This was a true challenge to me, is finished with Mahoneys, walnut oil and three coats of spray shellac.

Larry Yancey

The red ornament is all ash with the body stained red and the finials finished with lacquer

The blue ornament body is made from a piece of colored stabilized wood I purchased at the NC symposium. The finials are blood wood. All finished with lacquer

Tips and Tricks

Do you ever need a specific size set of chuck jaws for that special project, and just don't have them in your arsenal? Remember, you have a wood lathe and it's easy to make round things, like bushings!

AAW

American Association of Woodturners is a nonprofit organization dedicated to advancing the art and craft of woodturning worldwide through education. With more than 16,000 members and over 365 local chapters globally, AAW members include amateurs, hobbyists, professionals, gallery owners, collectors, tool and equipment suppliers, and others.

AAW wants to help you enrich your woodturning experience and pursue your aspirations wherever you are on your woodturning journey. We invite you to learn and grow with us and become part of the special community that is woodturning. They provide an almost limitless amount of resources: written articles, videos, and a yearly national symposium. Check them out at www.woodturner.org. Consider joining today.

Sponsors and Friends of the Club

Organizations such as the Richmond Woodturners, Richmond Penturners, and James River Woodcarvers would not exist if it weren't for the kindness of their sponsors. We are blessed and grateful to have the Richmond Virginia Woodcraft store supporting us and our activities. Members get a 10% discount on meeting nights for most turning related items.

Please remember this and support them at every opportunity! For the classes provided at this location see:
