DEMO: SHARPENING WITH CLUB MEMBERS

This month's demo was sharpening. Something we all need to learn and sometimes require a refresher course. My tools work fine for me, but the looks on other member's faces told me something was a skewed. All my gouges were pointed and the point wasn't even centered on the tool! (To heavy on one side while sharpening) They now have a more rounded shape. Six stations were set up with each member doing their favorite grind using Wolverine systems to hand & eyeballing. We even had some talks about the theory of sharpening (To hone or not to hone). All in all it ends up being "What-works-for-you". Now if only I can sharpen tools without pointing 'em before the next refresher course.

Shows Coming Out Of VA:

Jan-May 15, "With Lathe & Chisel: NC Wood Turners", Gregg Museum, NCSU University, Raleigh, NC. Www.ncsu.edu/gregg

June 18 –20, AAW Symposium, Hartford, CT. www.woodturner.org

Shows Coming In VA:

April 10-12, Jimmy Clewes, Richmond

May, Richard Raffen, Tidewater.

May 27-29, David Ellsworth, Richmond

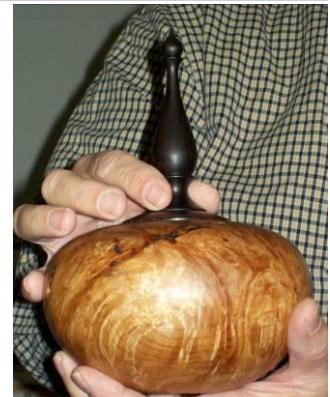

Oct 23-24, VA Symposium, Fishersville

To cold to work in the woodshop! Rent a turning DVD from the club, stay inside with a hot drink and learn something new. Only \$2.

**SHOW & TELL**

Wood used: Oak, holly, maple, Burl, Blackwood, basswood

Things: Pen, chair, candy bowl, bottle stopper, hollow form, mouse trap

**Meeting Vibrations**

We have two new VIP's: Don Hart & Jerry Fisher. They were put to work immediately after confirmation.

AAW survey was set up at the meeting for those not having internet access or needed help filling it out. If you have not done the survey, its too late now.

Club shirt order will be placed at the February meeting.

Jimmy Clewes will be here in April and David Ellsworth in May. Since chair space is limited, registration with money will be required. \$20 per day per demonstrator. If space is still available, it will be opened to other clubs.

Tidewater Turners will have Richard Raffen in May only for their membership. We hope to change that before May.

Jimmy Clewes is not an ordinary woodturner. His charming British style, wit, creative mind and magnetic personality are only some of the attributes that make him popular in the woodturning demonstration circuit. Jimmy is a member of AAW. He has over 22 years of experience in woodturning and woodworking. The demand for his services as a demonstrator and teacher has taken him all over the world. The combination of his college education, his limitless imagination and his professional skills was a perfect fit for Jimmy to pursue his creative abilities as a woodturner and to take that ability to the next level. As an avid sportsman and adventurer you will find him expanding his creativity by exploring nature and enjoying the beauty of the desert. Or you might find Jimmy in his new workshop in Las Vegas creating innovative woodturning designs. In 2003 he produced the DVD **Turnaround with Jimmy Clewes**, in 2005 a 3-box set DVD **Turn it On with Jimmy Clewes**, in 2006, a 3-box set, **Turn it Up**, and in 2010 in H D Widescreen, a new box set including projects filmed on location in Norway, Scotland and the United States. www.jimmyclewes.com (taken from his website) **Sign up for his Richmond workshop in April.**
