Lamination with Chuck & Sid

A good way to save cut-offs of expensive wood. Chuck cuts off the corners of turning blocks before turning and then he glues them together into a block. Veneer between the seams hides the fact the block was made from cut-offs. Be sure to remove the wax form exotic wood, let the wood dry sufficiently, keep the grain direction constant, and make good right angles & flat sides for good glue up. Chuck likes Titebond original recipe for the glue-up and leaves it overnight for a strong bond.

Sid uses laminated turning blocks for his many pepper grinders. A

pine core and ash or cherry for the outsides makes the good wood go

further. Be sure the sides are flat and no gaps in the glue-up. Inlay ribbons or other shapes for an interesting grinder. Sid likes the ceramic crush grinder mechanism that can be used for either salt or pepper. He is

Pen Turner's Mid Atlantic Gathering will be May 17-18 at

Woodcraft. Ray will keep the store open after hours Friday for a social gathering of like minds. Saturday will be full of pen demos, vendors and raffles. Don't miss this one-of-a-kind experience. There has never before been a pen gathering on the East Coast .

Pen Turner's meeting on May 9 had a demonstration of making Celtic Knot pens with Woodcraft's own Rick. If you have made any bullet pens from real shells (Rick's other demo) bring them to the meeting..

Welcome new member Jeff Brotherton.

willing to get together a big order for the club (Woodcraft doesn't carry this one).

Aage shouldn't make the meeting, but he left a laminated hollow vase for discussion as to "what not to do". Insert should be thinner, higher and the wood drier. Advantage of using inserts are many: create deep vases with small necks, combine band of expensive wood without breaking the bank and no more blind deep hollowing.

This is your challenge for July's meeting. Get to it!

Ray has all the volunteers he needs for the 4-H camp turning experience. Mentors are still needed for the VA Symposium 2014. Contact Dick if you can help.

Meeting Vibrations

Other symposiums are Ohio in Oct 11-13 & NC in November

2013 Turning Competition@ Woodcraft

The 2013 Woodcraft Turning Competition was smaller than last year (only 65 adult entries & 37 youth) and the year before that but this was primarily in the youth class because the Chickahominy Middle School program. But they still showed a variety of turnings: pens, segmented bowls, bat and full sized lamps year. Adult entries were strong at 14 club members participating. Woodcraft would like to thank everyone who participated this year. The competition is designed to help perpetuate wood turning overall and the high quality of

entries certainly accomplished that. Many people were very impressed with what they saw!

FOR SALE, BUY, or TRADE

Ray Deyo offers a 10% discount on non-power tools and supplies on meeting nights at Woodcraft for members with current cards only. Another very good reason to join us every month!

For Sale:

DeWALT 788 Scroll Saw, includes stand, work light, and foot switch. Nearly \$850 new, asking \$500. Thought I'd give known woodworkers first chance or if you know anyone that wants to get started in scrolling. Going on Craigslist in a couple weeks. Bob Silkensen bsilk@cox.net

Delta Midi-lathe. It is in great condition and runs beautifully. I have it priced at a reasonable \$235.00. Thanks, Philip Duffy 757//870-7007.

Donald Tyrrell recently passed away. Don and his wife, Libby, were both excellent wood turners and members of the club for several years.
