### **DEMO: What Can You Do With a 6X6 Block of Wet Pecan?**

The month before people received 6X6 blocks to turn things other than bowls. They were told to be creative. Also during the demo a few brave souls turned blocks as numerous eyes watched. Below is a sampling of the finished blocks. Sorry if I missed anyone.

## Shows Coming In VA:

**Sept 18**, Club Picnic , Reedsville

**Oct 9-11**, John Jordan, Richmond Woodcraft

**Oct 23-24**, VA Symposium, Fishersville

Picnic online registration. We need a head count for Sid to buy enough meat. Sept 18 12-4. *Betsy, I would like to add something regarding the picnic in Sept. Each member will receive an email where they will indicate if they will attend the picnic. We need an accurate count to ensure the right amount of food will be available. In that email they will be able to choose a menu item to bring. As items are chosen they will be eliminated from the list.* Jerry

Chesterfield County Fair in August See photos.

*Our club is bringing John Jordan to Richmond for three days – October 9, 10, and 11. Saturday October 9th will be an all day demonstration by Mr. Jordan. For anyone unfamiliar with Mr. Jordan, his website: <http://www.stubbylathe.com/>. We will have room for 60 people to sign up for the day long demo. Sunday and Monday, October 10<sup>th</sup> and 11<sup>th</sup>, will be two days of hands on woodturning with Mr. Jordan at the Visual Arts Center in Richmond(Main Street). Each day requires separate registration and the sessions are limited to 6 people per day. NOTE: Participation for these sessions will be on a first come, first served basis. Mr. Jordan also requested that participants in these hands on sessions NOT be beginner wood turners. Attending the day long demo will be \$20.00 per person and participation in one of the hands on sessions will be ~ \$150.00. Your cost will be based on the actual costs each day. That should put it at approximately \$150.00 If you want to sign up for any of these activities and have not done so yet, please let me know and I will add your name to the list. Space is limited. Thanks Don Hart*

Glenn McCullough,

Bill Sampson,

Bill Walters,

Sharon and Jonathon Shaw (mother and son)

## AAW News

AAW in the latest journal admits to having growing pains. Going from a "mom & pop" all -volunteer-lead organization to an executive director led membership of over 13,000 will ruffle a few feathers. The questionnaires from last fall were part of an information gathering session for these changes. Although nothing was said about the past brew-ha, the article did want to bring the "disengaged" back into the "fold". The new candidates for the Board are listed (one from DC) and voting time is close. If you're like me, you don't bother, but this time I might make my choices known. Betsy

## President's News

**Chesterfield County Fair event:** lead by Jim Ellis and joined by Jim Bumpass, Ray Deyo, Don Hart, Shana Williams, Dan Luttrell, Jack Hayes, and Lee Scarbrough, drew a steady stream of curious onlookers of all ages. We saw many attendees from previous years. Overall it was a great event and a wonderful venue for introducing people to our art of woodturning.

**John Jordan:** sign-ups have been slow. We need support to be able to continue to bring you well-known demonstrators in the future, so please review your calendar for Saturday October 9th for his demonstration and the 10th & 11th for hands-on classes. We especially need to fill up the hands-on classes to show our support for the Visual Arts Center. It would be very difficult to have 6 large lathes at Woodcraft for classes.

**Picnic:** we have about 35 attendees. Thanks to Cindy and Jerry for promoting this event.

**Tim Yoder's** woodturners workshop has returned to WCVW at 1pm Fridays

Thanks, Lee

## FOR SALE, BUY, or TRADE

Ray Deyo offers a 10% discount on non-power tools and supplies on meeting nights at Woodcraft for members only. Another very good reason to join us every month!

### FOR SALE:

Betsy, in your newsletter article about vacuum chucking (Andy did a very nice job!), you referenced the Beall thread cutters stating their cost was \$45. Actually, they are much less. Because these have a variety of uses (I make all my jam-chucks with them), it's important for your readers to know the actual cost to them. *Including the club discount, the actual cost would be 33MM - \$24.29; 1¼" X 8TPI - \$24.29; 1" X 8TPI - \$16.19.*

There are other sizes available, but these are the most common.

Thanks. Ray Deyo

### “It’s Your Turn 2”
